Closed on Sundays.

Mission Statement

The Free Methodist Fellowship brings Christian healthcare professionals together for the purpose of helping each other reflect Christ and communicate the gospel in their professional lives.

History

The FMMF was organized December 15, 1960, by a group of physicians of the Free Methodist Church who were looking for ways to challenge each other in Christian stewardship. The meeting took place in Chicago, Illinois.

Purpose

The purpose of the Free Methodist Medical Fellowship is to enlist the interest of physicians and dentists in Free Methodist medical missions around the world; to collect and disburse funds for medical missions, to offer guidance, assistance, and fraternal interest in Free Methodist medical students; to provide the members and their spouses social, religious, and educational benefits through seminars and conferences.
